Brandon Area Briefs

Current needs at the Brandon Food Pantry

Current needs at the Brandon Food Pantry are granolas bars, bottled juice, canned soups (not Chunky-type), saltine crackers, canned pasta, small boxes of fruit snacks, bagged rice, cereal, laundry detergent (32 oz.), shampoo.

To make appointments for pickups or donations, call 582-7001. The BAFP is open from 4-6 p.m. Tuesdays and Thursdays.

Used eye glasses and hearing aids for the Brandon Lions Club may also be dropped off at the BAFP. Used eye glasses may also be dropped off at Jones Family Eye Care and Lewis in Brandon.

VS Legion BBQ is Thursday

A BBQ fundraiser will be served from 5-7 p.m. Thursday, June 12 at the Charles R. Doman American Legion Post 131 in Valley Springs. The menu includes grilled hotdogs, hamburgers, barbecues, cole-slaw, calico beans, chips, fruit salad and drinks. Profits will be directed to the parking lot improvement project.

VS Legion plans flag disposal ceremony

Valley Springs American Legion will hold an Honorable Disposal of Flag Ceremony on a most appropriate day, Flag Day, which is Saturday, June 14. Beginning at 9 a.m. at Legion Park, flags that are no longer serviceable will be properly disposed.

Water main flushing happening now in Brandon

The city of Brandon has begun flushing water mains, which will continue through mid-June.

Flushing hydrants is necessary to ensure they are working properly when needed for fire protection and to remove any

mineral deposits that may have accumulated in the water mains.

Residents may notice a change in water flow patterns resulting from hydrant flushing, and may stir up mineral deposits in some home services.

During hydrant flushing, it is not uncommon for residents to periodically experience discolored water, pressure change, and/or an increased chlorine odor.

Homeowners are also advised to exercise care in the laundry operations and to check the water for clarity before use. Motorists are also advised to stay clear of the streams of water coming from the hydrants.

VA Baby Shower is June 17

Veterans, significant other of a Veteran or family member who is expecting a baby or recently gave birth are invited to the VA Baby Shower from 5:30-7:30 p.m. Tuesday, June 17 at the Royal C. Johnson Veterans' Memorial Hospital Auditorium, 2501 W. 22nd St., Sioux Falls.

To RSVP by June 9, email [VHASUXVoluntary@va.gov](mailto:VHASUXVoluntary@va.gov) or call (605) 336-3230, Ext. 6806.

11th annual Jim Fjerestad Memorial Golf Tourney

Registrations are being accepted for the 11th annual Jim Fjerestad Memorial Golf Tournament on Friday, June 27 at the Brandon Golf Course. Entry fee is \$100 per person, which includes golf, cart and lunch.

To register a team, contact Brent Fjerestad at (202) 230-2992. The deadline to register is June 16.

Proceeds from the tournament will benefit the Brandon Valley Baseball Association.

**Ask the Motor Medics®**  
*Automotive Advice from The Under the Hood® Show*

Dear Motor Medics,  
I have a 2021 GMC Yukon with a 5.3 engine. The vehicle has 36k miles on it. The warranty expired last week at 36k, and it started making engine noise all the time at about 35,800 miles. I called the dealership where we purchased it, which is a few hundred miles away, and they said bring it in so we can check it. Well, the vehicle passed 36k before we arrived by just a bit, and they said the warranty had expired due to miles. They didn't say anything about towing it in since it was so close to the expiration, and I don't know who we talked to on the phone. We paid to have it diagnosed and they say it has failed lifters and a camshaft and that it will be very costly to repair. Is this a common thing and can they just cut us off right at exactly 36k?

*Kensington in Albion Nebraska.*

Dear Jerry,  
*This is a very common problem for many cars and trucks. More so with GM vehicles, at least in our area of the country. The metals used to make the brake lines have been reacting in a bad way to the new chemicals on the roads to treat ice in the winter months. This reaction has caused brake lines to be completely rusted away to the point of failure while other body parts are not nearly as affected. The line sets are not too spendy but the labor to install them is intense, taking an entire day. It is a safety concern and should not be patched. Do it right.*

*Take care, the Motor Medics.*

Dear Motor Medics,  
We have a 2013 Ram 1500 truck with a misfire at 140k miles. We have worked on it ourselves replacing the coils, spark plugs, injectors and fuel pump and it still has a misfire. The scanner we have shows that the misfire is a p0300 Random Misfire and a p0304 and a p0306. The misfire starts at higher rpm and at idle it runs perfectly smooth. Can you give us some ideas to look at next?

Matt in Livonia Michigan.

Dear Matt,  
*When diagnosing a misfire, we first verify with a scan tool that we have a mis the way you have. After getting info such as cylinder number, 4 and 6 in your case by the codes, we inspect those cylinders testing for compression and leakage. If those both are good, we move on to ignition and fuel. In the case of this engine, if all looks good but the misfires are still present, we will pull the valve covers and inspect the rockers to see if the valves are opening all the way. These engines have had some lifer and cam issues which when worn will not allow the valve to fully open, which makes the engine mis at higher rpm but not at idle or low speeds. The repair for this can be anywhere from a cam and lifter swap to an engine replacement if metal shavings have contaminated the engine. Good luck. We hope that you find something small needing repairs.*

*Take care, the Motor Medics.*
