Ask the Motor Medics®

Automotive Advice from The Under the Hood® Show

Dear Motor Medics,
I'm having a problem with my lights on my 2000 Ford Taurus. Both the front and rear lights have water in them. The rear looks like a bathroom mirror after a hot shower on both sides and the front has water collected towards the bottom of the driver side headlight. When the weather is dry for long periods they will clear up, but if I wash the car or it rains once they fog right back up. The bulbs themselves seem to be working ok and this has gone on for a couple of years. What can I do to fix this? I just don't like the way it looks.

Sturdevant's AUTO PARTS
582-7500
104 Highway 11 • Brandon, SD

Dear Doug,
Many vehicles have this issue. The moisture comes from the seal around the plastic lens leaking where it's bonded to the inside light reflector housing. During hot sunny days the heat generated by the sun will break down the seal and moisture will occur. In some cases, the lens will separate completely from the reflector. We have seen people try many things to repair their existing lights but usually the most effective fix is to replace the assembly. Check several places for the best deal. Auto recycling facilities, the dealer, and auto parts stores usually carry the assemblies. Once you find a good light at a reasonable cost, you could possibly install them yourself. You will want to have the front aimed by a professional though.

Take care, The Motor Medics

Dear Motor Medics,
I have a 2001 Ford F150 and I would like to know more about using synthetic oils in order to extend the life of the truck and increase fuel mileage. Am I on the right track here? Can I expect to see a big increase in mileage if I switch to all synthetics and is there a risk that I might damage something by switching now after 150,000 miles using regular oils? I have changed the fluids according to the manuals severe service ratings on time ever since I purchased the truck new.

Mark in Fargo North Dakota

Dear Mark,
You can switch all the fluids over to synthetics but don't expect a huge gain in mileage. If you have all conventional oils now and were to change everything in the drivetrain over, you may see a slight increase in the highway mileage, and you will help extend the life of any parts that are not already worn severely. The oil itself should not hurt your vehicle but you must stick with the factory approved type. On some older vehicles changing may result in leaks. Consult with your dealer to be sure. Synthetics don't break down as fast as conventional oils and they hold their viscosity more consistently which is the main boost for the mileage. Changing over to synthetics can be expensive so if you do it you may want to change one at a time when that service comes due.

Take care, The Motor Medics

Coming in tomorrow's

BRANDON VALLEY Journal

Sioux Valley Energy put the spotlight on the electric vehicle last week, and *Journal* writer Tom Savage took in the event to enlighten readers on this new mode of travel.

We've also explored the possible annexation of land northeast of the Brandon city limits that has rural residents in protest. Find out what's spurred the annexation study and what it could all mean for rural property owners.

As the city of Brandon continues to grow, so does the city's park system. Learn more about what goes into the location, planning and cost of a neighborhood park.

The Auxiliary of Three Rivers VFW Post 4726 is planning a red, white and blue affair, staging their first-ever All Veterans Ball on Oct. 23. The *Journal* gives you some insight behind this formal night of celebrating all of our military branches.

It's National Fire Prevention Week, and we've got a "flipping" good story on the Brandon Fire Department's annual pancake breakfast.

The curtain is just about to rise on the Mighty Corson Art Players' 39th season. The local theatrical group are staging Agatha Christie's "Murder on the Orient Express," which was adapted for the stage by a familiar playwright, Ken Ludwig. *Journal* editor Jill Meier introduces you to the show's cast and crew.

This week's *Journal* also includes reports from the most recent school board, city council and county commission meetings.

And if you're a Lynx fan, then you're in luck! As always, we've got recaps on all of our Brandon Valley athletic teams and Marching Lynx results from Saturday's Sioux Falls Festival of Bands.

If you're a subscriber, thanks for reading! If you're not, what are you waiting for? Give us a call at 582-9999 so you can be in the know of everything that's "Coming in Tomorrow's *Brandon Valley Journal*"!

October sobriety checkpoints announced
Sobriety checkpoints are scheduled for 15 different

South Dakota counties during October.
The South Dakota Department of Public Safety will conduct checkpoints to discourage people from drinking and then driving.

Sobriety checkpoints are scheduled for the counties of: Beadle, Bennett, Brookings, Brown, Butte, Charles Mix, Clay, Codington, Custer, Jer-auld, Lawrence, Minnehaha, Pennington, Stanley and Walworth.

Officials remind drivers not to drink and drive regardless of whether there is a checkpoint planned in their county. People who have been drinking are urged to designate a sober driver or take an alternate form of commercial or public transportation.

10 REASONS NOT TO ADVERTISE

There are plenty of reasons to not advertise. Some of the top excuses for not engaging in an effective, consistent marketing campaign are simply – just excuses to avoid promoting your business. And if you're not advertising, you're missing out on the opportunity for increased traffic, increased sales and increased profits.

- 1.) **Everybody knows me. I don't need to advertise.** Really? There are new people moving to town every week, plus plenty of visitors. Just because you've been on the same corner since 1972 is meaningless to newcomers. A successful business reaches out to new customers on an ongoing basis. Without new customers, even long-established businesses eventually die.
- 2.) **I don't advertise. Word-of-mouth is all I need.** Word-of-mouth is one of the most ineffective forms of advertising there is. First of all, you can't control it. You don't know what's being said and to whom. Plus, word-of-mouth is usually negative. People who have an acceptable business transaction with you likely tell few, if any, other people. Those who have a bad experience tell everyone they know. Relying solely on word-of-mouth is a serious marketing mistake!
- 3.) **Business is great. I don't need to advertise.** That's great - for now. But why wait until things slow down to seek out new customers? Effective advertising keeps potential new customers "in the pipeline."
- 4.) **Business is too slow. I can't afford to advertise.** And business will stay slow if you don't. Advertising is nothing more than inviting people to do business with you. If things are slow, you need to be inviting more people to your store.

- 5.) **I tried advertising in the newspaper/free shopper before and it didn't work.** If your offer was weak, chances are your results were too. People respond to the need, not the ad. Or perhaps you advertised in a newspaper/free shopper that didn't reach your target demographic. Print advertising works!
- 6.) **I don't read/check out your newspaper/free shopper.** But many of your customers and potential customers do. Advertising is like going fishing – do you bait your hook with what you like, or with what the fish like?
- 7.) **I don't do print advertising.** It's foolish to overlook an entire medium because of some silly preconceived notion. Print advertising works! And with the right offer and frequency, print advertising can produce positive and profitable results. If you exclude print advertising from your marketing plans, you're missing out.
- 8.) **Your rates are too high.** Community weekly and metro daily newspapers charge different rates, based on many factors. But an ad in your locally-owned, locally-staffed community newspaper and free shopper is a boost to the local economy in more ways than one. Local businesses do local business. You can buy a high-priced ad in a metro publication for hundreds of dollars, or you can spend hundreds of dollars over a period of time with your local newspaper/free shopper, and in a sense, get more bang for your buck.

- 9.) **I have to talk it over with my wife/partner/CPA/psychic/grandmother.** Every day you're not advertising is a missed opportunity for more business. While you procrastinate, your competitors are going after your customers.
- 10.) **I don't have any competition.** Wrong! No matter what you're selling, you're competing with every cash register in town, plus online competitors and competitors in nearby towns. Effective advertising motivates customers to come to your store.

We Salute ALL Veterans Ball being planned

Brandon VFW Post 4726 is organizing the First Annual Military Ball, planned for 5:30 p.m. Saturday, Oct. 23 at the

Post Home. All veterans and a guest are invited for a night of food, dancing and fun. Tickets are \$40 per person, which includes a catered meal, deejay and silent auction. The event is formal and a limited number of tickets will be sold.

Splitrock Lutheran seeks

donations of kids' books

Splitrock Lutheran Church is collecting lightly-used or new children's books for ages toddler through sixth grade for the foundation, Live Like Cat. The foundation donates books to various learning institutions. The program was established after 19-year-old Caitlyn Carmen, a special education major at the University of South Dakota, died as the result of a car accident. Her family started the foundation to carry on her legacy.

Books should be brought to the church.

VFW gun safe raffle

The Brandon VFW is raffling off a 64-gun Cannon safe. Tickets are \$5 each and can be purchased at the Post. The drawing will be held during the VFW's annual Feather Party on Saturday, Nov. 6.

Communicate with the city

City of Brandon utilizes a text messaging service to keep the public in the know. To sign up for this service, text "Brandon" to 33222 for notification of snow alerts, water conservation alerts, water main breaks, street closures, etc.

Text "Brandonpool" to 33222 for pool opening and closing dates, closures due to weather, etc.

When registering, auto correct tends to add a space. Subscribers to this service will receive a return message saying, "Welcome to..."

To register, type 33222 in the text message as the number and then type the "Keyword" above in the message line of the text, just the word not the quotations. Residents will need to subscribe to each one for notifications of all three, and may opt out at any time.
