Coming in tomorrow's Brandon Valley Journal

Election results, data center discussion and how to keep traffic flowing along the Six Mile Road corridor are all in the news this week. Plus, we have more reports from the city of Brandon's Nov. 2 meeting, including an interesting read on a resident's request to rescind the pavement marking contract, and the city's response to that request.

Curious which creative pie rose to the top of the 2026 Brandon Area Pizza Battle? We know, and we're going to tell you all about it.

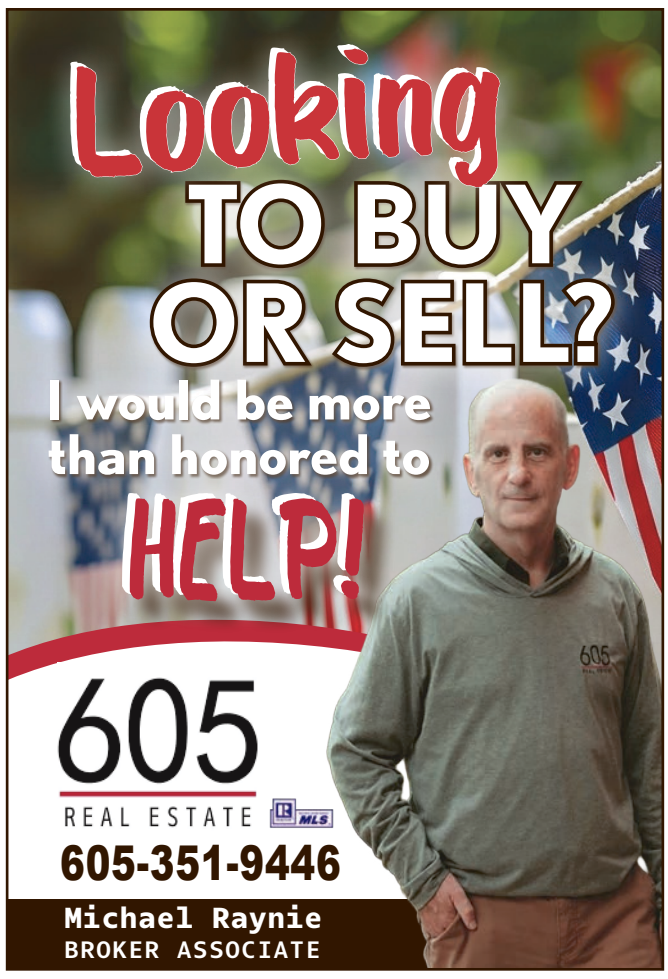

Brandon Valley High School's fall play, "The Play That Goes Wrong" takes the stage for four performances, and it takes Tony's Catering to serve the masses at the annual BV Band Turkey Supper and Indoor Marching Band Concert.

It was another heartbreaking ending to a stellar season at Howard Wood Field on Friday. We've got the story behind the thrilling state semifinal overtime loss. The Lady Lynx volleyball team also wrapped up their regular season last week, and now look to punch their state tournament berth to Thursday's SoDak 16 match against Sturgis.

It's official: both the BV Club Bowling teams and the BV IceCats' hockey seasons got underway last week, and we've got reports from the early-season action. Plus, David Gravel took top prize in the World of Outlaws racing.

And of course, there's always more on the pages of your hometown news source, the *Brandon Valley Journal*.

So, grab a cup of coffee, find a comfy chair and settle in for a wealth of community news, sports and features that's all about you. Automotive Advice from The Under the Hood® Show

I've got a noise under my hood that despite several attempts at repair persists. The vehicle is a 2016 Chevy Suburban with a 5.3 engine and upon startup it will chirp from the engine drive belts for about 15 minutes no matter what the conditions. We have tried to repair this by switching the belt which resolved it for about a week. The next thing we tried was to replace the tensioner in hopes that the belt tension was incorrect. After the tensioner replacement, it lasted another week then was back to chirping again. Have you had this problem before and if so what kind of things have you done to stop the noise? My mechanic suggests trying a Gatorback belt. What is a Gatorback belt, and do you think it may help?

Daryl in Sheldon Iowa

Dear Daryl,
When we have belt squeaks, we look very closely at all the rotating parts to make certain there is not a problem with alignment or wear that could be the root cause of the noise. We also check for proper tension and make sure the pulleys all have good bearings. With that all done we install a new belt and if it squeaks again soon after we sometimes use the Gatorback belt which is different in design in that it has grooves on both sides of the belt which can help to eliminate noise by providing a better gripping surface area.

Take care, the Motor Medics

Dear Motor Medics,
Every time fuel prices go up, I start to see products on the market that claim to increase fuel mileage. Some are claiming to increase up to 4 mpg! These products range from a pill you drop in the tank at fill-up to devices installed into the air cleaner and other crazy things. If these products are so good, why are the car manufacturers not installing them at the factory instead of spending millions of dollars researching how to increase fuel mileage? And if there is a "pill" you can just drop in the tank to do the same then why don't the gas companies make a fuel that contains the pill contents in it already and market it as a fuel that gives you better mileage than the other guys?

Trent in Decorah Iowa

Dear Trent,
While there are a few products that will help your car get a very limited increase in mileage, there are many more that are just a waste of your money. Before you buy, be very diligent in your research of each product. You will find that many have not been proven to work and the ones that do may not be cost effective. You may spend more on the product than you will make up for with the limited mileage gain. As you said, if it were so good the manufacturers and fuel companies would use it to meet their goals and improve their sales.

ADVERTISE WHERE TRUST MATTERS YOUR LOCAL NEWSPAPER

In a world filled with noise, misinformation and uncertainty, consumers value something they can trust.

That's why more than 500 national brands are choosing to move their advertising away from platforms where their messages can appear alongside hateful, divisive or misleading content.

They're turning to a trusted alternative: **local newspapers**.

Local newspapers have earned the trust of their communities by delivering news that is fair, accurate and relevant. That same credibility creates a positive environment for advertisers—and helps businesses connect with consumers in a place they already know and trust.

Whether it's in print, online or through targeted digital products and marketing strategies, local newspaper advertising delivers results.

Your community trusts us. Your customers are here. Put your message where trust matters.
